

A Voice to Text Revolution

A New Era in HIPAA Compliant Electronic Medical Records

In Collaboration with MYSOFT Int'l Pvt. Ltd.

Healthcare BPO Division

SAISOFT, located in Plainville, CT, is a leading provider of consulting and outsourcing services to small businesses in local Chambers of Commerce as well as large corporations such as GE, The Hartford, CIGNA, AETNA in Connecticut for around 7 years. Saisoft is currently offering medical transcription services in collaboration with Mysoft Int'l Pvt, Ltd. based in Bangalore, India.

MYSOFT INTL is an Alliance Partner of Phoenix Global Services, with its Head quarters in CT, for more than 3 years, and has a proven track record of offering Medical Transcription services to clients in Ohio for more than one year.

Under this arrangement, Saisoft will provide front-end services which include onsite training program for physicians and office administrators, while Mysoft will provide back office operations: an ideal combination for excellent customer satisfaction.

WHY CHOOSE SAISOFT:

- High Accuracy
- Confidentiality & Security
- Fast Turn Around
- Ease of Use
- Cost effective

MAIN FEATURES:

Cost-Effectiveness:

- Competitive prices — with savings depending on your current provider
- Prompt and accurate reports eliminate errors in coding & claims management processes resulting in improved cash flows with attractive ROI

Access: Telephone or Voice file transfer

- Dictate into a digital hand-held recorder either directly into a computer or remotely and up load at a convenient time
- Alternatively, access to our dictation service is as simple as picking up a phone and dialing into one of our dedicated dictation lines

Confidentiality & Security:

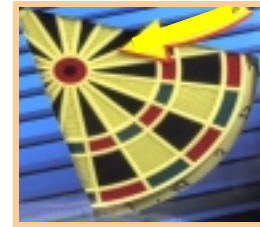

- Strict compliance with HIPAA regulations
- All data is secured by use of 128-bit encryption
- Redundancy in the system ensures no data loss

Turnaround Time:

- Reports will be turned around routinely in 12-24 hours (can be as little as 4 hrs)

Accuracy:

- Transcriptions with 98.5 % accuracy

Qualified Workforce:

- Professionally trained transcribers produce medical documents including letters, out-patient reports, operative reports, discharge summaries, medico-legal reports, policy & procedure manuals and updates

Automatic Formatting:

- Documents are formatted to individual requirements including the use of a customized letterhead

Tracking Reports:

- Physicians can track the progress of all reports via a secure internet portal

Electronic Signature:

- Physicians can approve and electronically sign reports, increasing the speed and efficiency of report distribution

Distribution of Reports:

- Transcribed documents are returned to the physicians or healthcare facility to either a printer or to a PC. Replicated reports can automatically be sent to authorized recipients in the same manner

Healthcare BPO Division

COMMITMENT TO CUSTOMER CARE:

- We offer a FREE TRIAL for one week up to a volume of 1000 lines per day
- A full onsite training program is available for physicians and office administrators
- Additional Helpdesk support is available.

ARCHIVING REPORTS:

- Stored transcribed documents on a Server located in US either in the short term or permanently allowing search or retrieval on request
- Delayed and incomplete reports can make accurate and timely coding a night mare. Our system eliminates this hassle by providing comprehensive and timely reports.
